

Contest Rules

Version: 2.1 , Date: May 8, 2018

Device Version

The firmware and software versions of all the devices will be updated to the latest version on August 15, 2018. If the contestant needs to update the device to a version later than August 15, 2018, he can send the request to the organizer. But the contestant is not allowed to choose the version earlier than August 15, 2018.
